

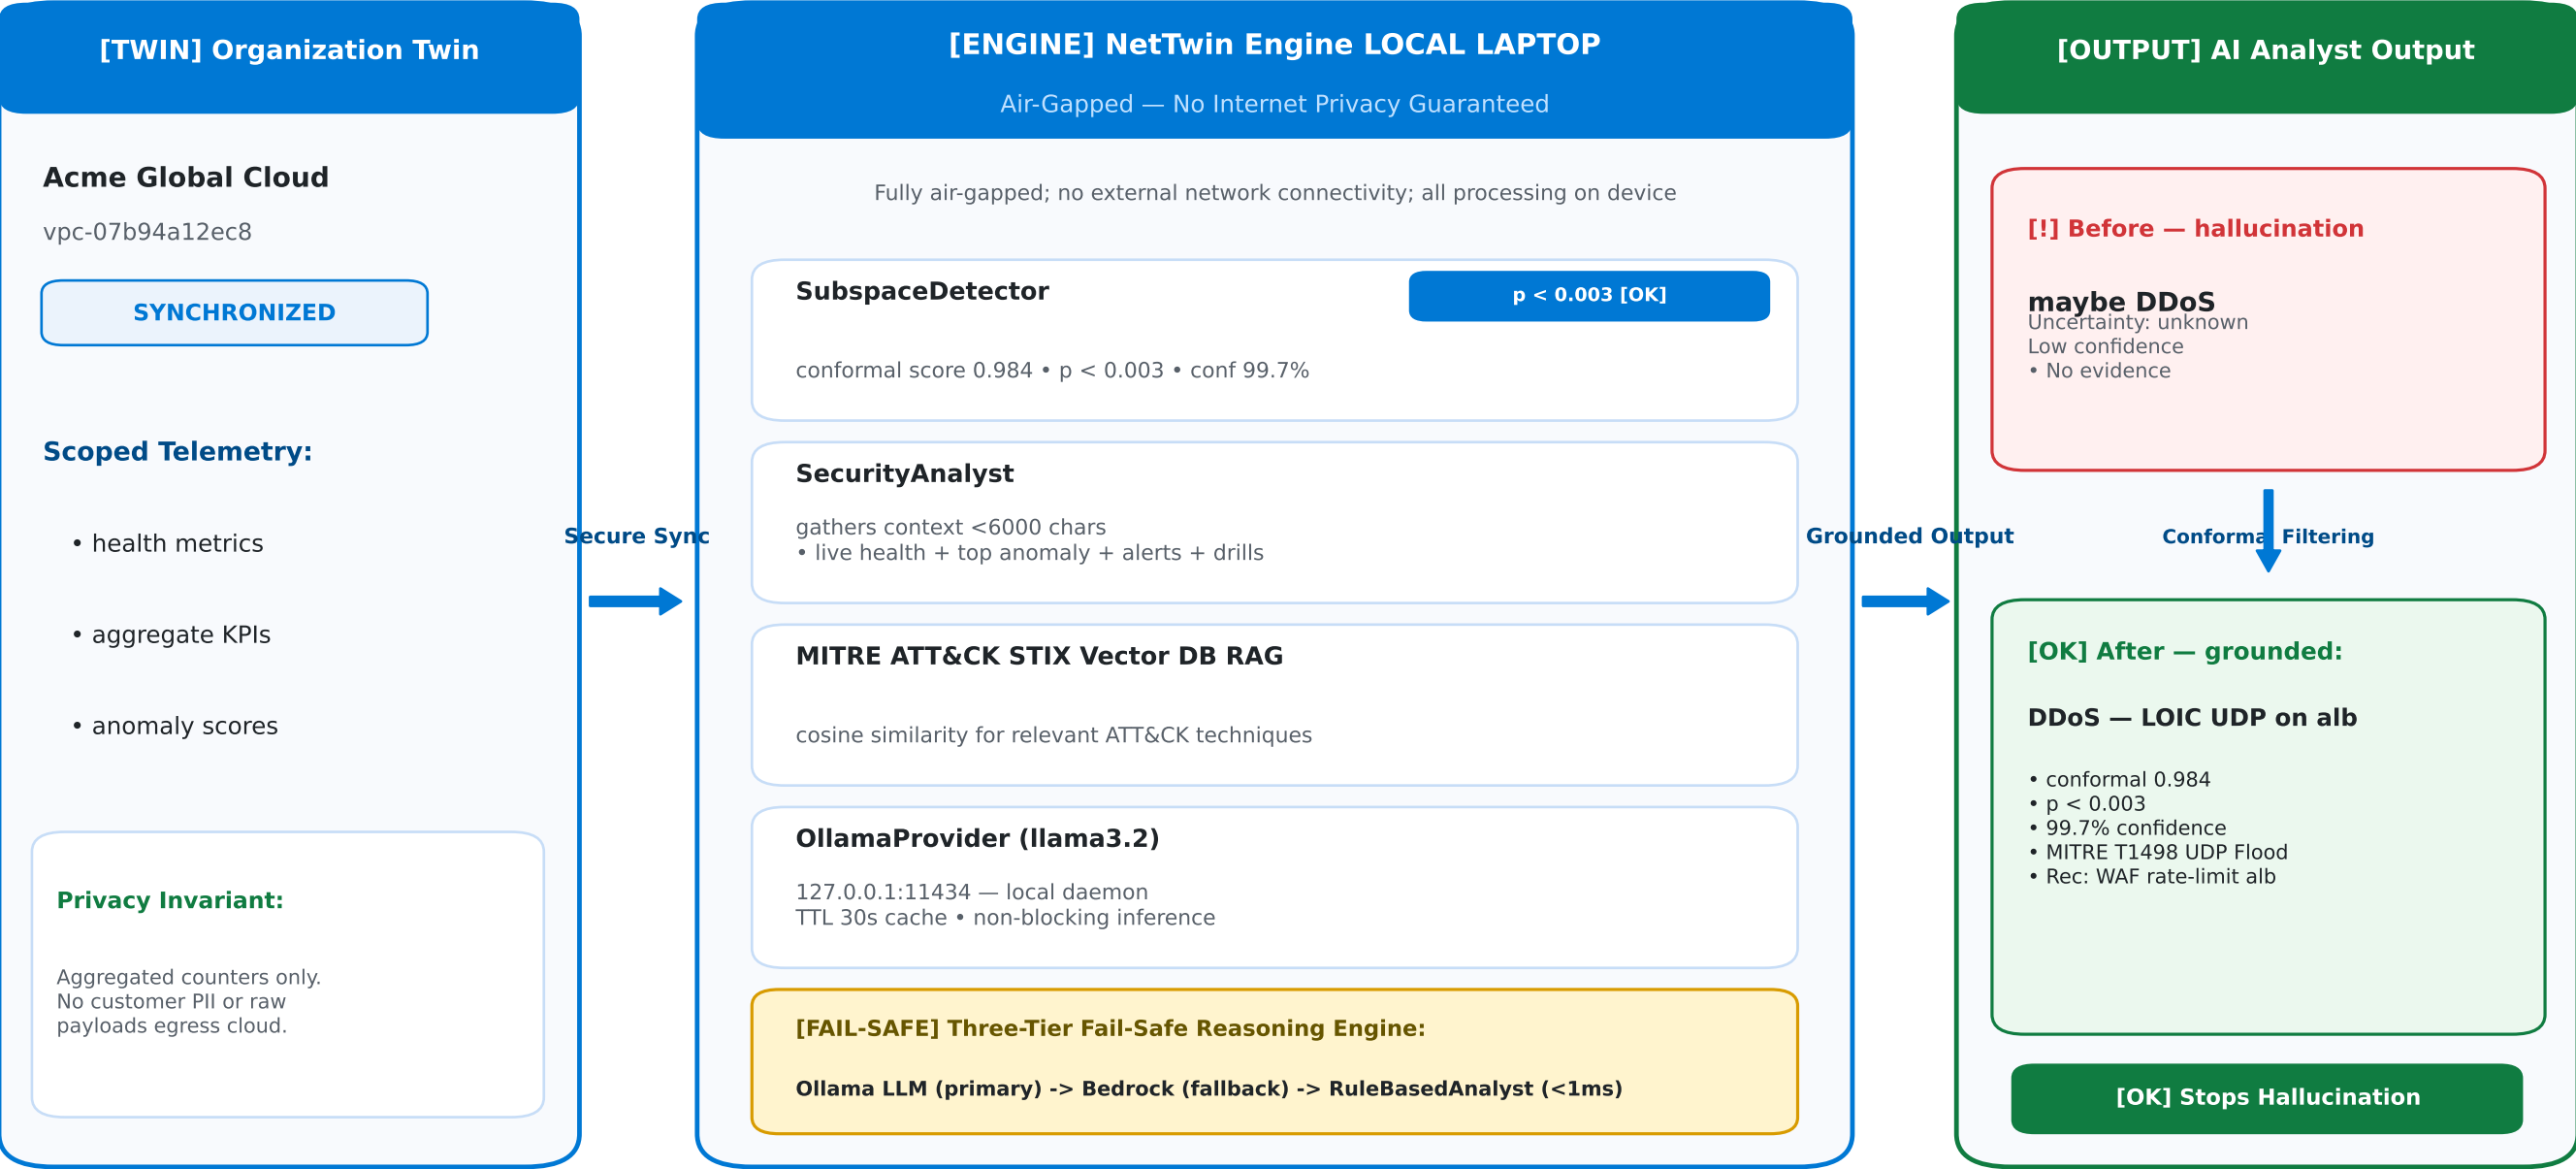

Figure 5: Conformal LLM SOC Analyst — Air-Gapped Privacy (Paper 5 Scope)

When LLMs Meet Conformal Prediction — Uncertainty-Aware SOC — IEEE TIFS/TNSM

Core Objective: Uncertainty-aware SOC — Conformal p-value grounds LLM answer — Telemetry never leaves laptop

• All data retained locally • Air-gapped • Privacy-by-design • Reproducible & auditable results

Legend: [Blue] = System Component [Green] = Grounded Output [Yellow] = Fail-Safe Engine [Privacy] = Air-Gapped
